

COOKIES POLICY

Cookies are files sent by the Web page accessed on your device (the term “device” referring to a personal computer (PC), tablet, mobile phone, or any other device through which the Web may be accessed). These cookies are stored on your device’s hard drive, enabling the website to recognize and retain certain information related to a specific individual, with the purpose of facilitating or enhancing the service provided and tailoring the website’s content to a particular profile and set of needs.

Ares Lusitani STC, S.A, either directly or through third parties engaged to provide measurement services, may use cookies when a user navigates the website.

Cookies are files transmitted to the browser via a web service in order to record the user’s activity during their browsing session.

The cookies used are associated solely with an anonymous user and their device, and do not provide access to the user’s personal data.

Through the use of cookies, the server hosting the website may recognize the web browser used by the user, thereby facilitating navigation. Cookies are also employed to measure audience metrics and traffic parameters, as well as to monitor the process and number of accesses,

Types of Cookies:
